

SCHOTT Gemtron Department of Energy Compliant Summary

ARE YOU READY FOR JANUARY 1, 2009?

In December of 2006 President Bush signed in to law the Energy Independence and Security Act of 2007. Below is a summary of how this will effect our products that are manufactured as of January 1, 2009.

- ◆ Glass doors for walk-in freezers shall be of triple-pane glass with either heat-reflective treated glass or gas fill.
- ◆ Glass doors for walk-in coolers shall be either double-pane glass with heat reflective treated glass AND gas fill or triple-pane glass with either heat-reflective treated glass OR gas fill.

If the equipment has an anti-sweat heater the equipment shall have a total door rail, glass, and frame heater power draw of not more than 7.1 watts per square foot for freezers and 3.0 watts per square foot of for coolers.

These new standards apply to walk-in coolers and freezers for the convenience store, supermarket, super center, and liquor store industries.

As of October 15, 2008 SCHOTT Gemtron has made the changes to our product line that either meets or exceeds the new regulations from the D.O.E. If you have any questions on these changing regulations, please contact us at 800-326-2717 or visit our web site at www.gemtrondoors.com/doe.html.

**ALL SCHOTT GEMTRON PRODUCTS MEET OR
EXCEED THE NEW D.O.E. REGULATIONS AS OF
DECEMBER 15, 2008.**
